

# QUICK START GUIDE

## IN THE BOX

Wyze Sense Keypad x1  
AA Batteries x3  
Quick Start Guide x1

## ACTIVATION

To use Wyze Sense Keypad, you will first need to have set up your Wyze Sense Hub (sold separately) and activated Wyze Home Monitoring Service. To activate your service, enter your activation code through the following link: [services.wyze.com](https://services.wyze.com).

Note: If you ordered a Wyze Core Starter Kit online, you may activate your Home Monitoring service through your email.

## SETUP

➤ Control and monitor your entire home via the Wyze app. To get started, simply download the Wyze app to your mobile phone and log in or create an account.

➤ If you haven't already activated Home Monitoring, navigate to the Wyze app and go into the Home Monitoring Tab. When your Home Monitoring license is activated, you can tap on the **Start Setup** button. This will guide you through the installation process. Not seeing this screen? Go to [services.wyze.com](https://services.wyze.com) to activate.

➤ To add your device to a previously installed system, open the Wyze app and tap the +plus sign on the top left corner of the Home screen. Tap **Add Device** and select Wyze Sense Keypad. Follow the instructions in the Wyze app to finish setup.

## INSTALLATION

**The Keypad is designed to be mounted on the wall near your door and it connects to the Hub.**

➤ Slide the mounting plate off and remove the plastic pull tab

➤ Press the Reset button

➤ Name your keypad

➤ Clean the desired mounting location and wait for it to dry completely

➤ Use the adhesive back or screws to secure the mounting plate to the wall

➤ Attach your keypad to the mounting plate

NOTE: The adhesive is semi-permanent and may peel paint when removed

### FCC WARNING:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC RADIATION EXPOSURE STATEMENT:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or

operating in conjunction with any other antenna or transmitter.

### ISED RADIATION EXPOSURE STATEMENT:

This equipment complies with ISED RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet appareil est conforme aux limites d'exposition de rayonnement RF ISED établies pour un environnement non contrôlé. Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute autre antenne ou transmetteur. Cet équipement doit être installé et utilisé avec une distance minimale de 20cm entre le radiateur et votre corps.

### ISED RSS WARNING:

This device complies with ISED licence-exempt RSS standard (s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence.  
L'exploitation est autorisée aux deux conditions

suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
