NOTES

1. Make sure that the power is OFF when installing or removing the bulb cam and accessory bulbs.
2. Only use the control provided with or specified by these instructions to control this device. This device will not operate properly when connected to a standard incandescent dimmer or dimming control.
3. Risk of electric shock - Do not use where directly exposed to water.
4. Not for use in totally enclosed luminaires.
5. Not for emergency lighting.
6. Added weight of the device may cause instability of a free-standing portable luminaire. Use only with a portable table luminaire that is provided with a shade.

Disclaimer: The products, accessories, user interfaces, etc. illustrated in this guide are intended for reference only. Due to product updates, the actual product and the illustrations in this guide may vary.

IN THE BOX

Wyze Bulb Cam × 1
"Do not turn off" Sticker × 1
Quick Start Guide × 1

SETUP

➤ Download the Wyze app and sign in or create an account.

➤ Open the Wyze app and tap the + plus sign. On the Add menu, tap Device > Cameras > Wyze Bulb Cam. Follow the in-app instructions to finish setup.

WARNING: Risk of electrical shock!

- Disconnect power before installing the bulb cam and accessory bulbs.
- Verify that you have a standard E26 socket.

DO NOT use a dimmer switch or timer for this product. DO NOT use in totally enclosed luminaires.

INSTALLATION

- With the power turned OFF, remove your old bulb from the socket. Careful, it may be hot.
- Screw Wyze Bulb Cam fully into the socket.
- Screw in any Wyze Accessory Bulbs you have.

-  **Solid blue light**
The device is working properly.
-  **Solid purple light**
The device firmware is updating.

FCC WARNING:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RADIATION EXPOSURE STATEMENT:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment is installed and operated with minimum distance 20cm between the radiator and human body.

ISED RSS WARNING:

This device complies with ISED licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) L'appareil ne doit pas produire de brouillage; (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISED RADIATION EXPOSURE STATEMENT:

This equipment complies with ISED RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body. Cet appareil est conforme aux limites d'exposition de rayonnement RF ISED établies pour un environnement non contrôlé.

Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute autre antenne ou transmetteur. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur & votre corps.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Tous changements ou modifications non expressément approuvés par la partie responsable de la conformité peut annuler l'autorité de l'utilisateur à opérer l'équipement.

Only use the power supply provided. Utilisez uniquement le chargeur fourni.

SPECIFICATIONS

Model: WYZEC-BC
